Read the following:

Development Memo. No. 138109 MI/48-1, dated 5.1.49
From the Provincial Textile Commissioner No. 72105/48-C.1, dated 21.1.1949.

ORDER:

The Provincial allotment of mill cloth from the Bombay Surplus area is about 18,000 bales a month. The allotment from Bomaby and Ahmedabad centres ranges from 7000 to 8000 bales a month. On an average, most of the districts get from 200 to 400 bales of cloth from these two important centres. It has been suggested by the Provincial Textile Commissioner that the functions of the Representative Buyers of the Bombay and Ahmedabad Centres could be combined with those of the wholesale Consignees, so as to avoid complaints from the Representative Buyers against the wholesale cosignees in respect of delays in honouring their bank drafts and of wholesale consignees against Representative Buyers about the purchase of unpopular and unsaleable varieties of cloth by the latter.

2. The Government accept the suggestion of the Provincial Textil Commissioner to appoint one and the same person as Representative Buyer for procurement and as wholesale consignee for the distribution of cloth procured by him. In making the appointments, the Provincial Textile Commissioner should consider the claims of both the Representative Buyers and the wholesale consignees who are now functioning and ~~close~~ choose the best among them. If, for any particular area neither the Representative Buyers nor the Wholesale Consignees are willing to take up the combined functions it will be open to this also is not possible, the Provincial Textile Commissioner is permitted to continue the Representative Buyers and the wholesale Consignees as separate functionaires as at present.
